Dear Colleagues:

Since 1937, the Mississippi Public Health Association (MPHA) has strived to strengthen public health in Mississippi through leadership, advocacy, and education. Our membership reflects the vastness of the public health profession, including nutritionists, epidemiologists, health educators, physicians, nurses, environmentalists, emergency responders, and social workers. Each year, we have hosted the premier annual public health conference in Mississippi with approximately 350 participants. Your organization has been generous in your support of the conference, and we invite you to participate, network, and support our association by once again taking advantage of our sponsorship and exhibit opportunities.

After having a successful in-person conference in 2022, we are planning to return to an in-person conference March 30-31, 2023, at the Sheraton Refuge Hotel and Conference Center, 2200 Refuge Boulevard, Flowood, MS 39232. We anticipate having exhibitor setup on March 29, 2023, from 4-6 pm and the Exhibit Hall open during the day on March 30, 2023, and the morning of March 31, 2023. Our theme for this year is “Public Health for All: Working Together to Achieve Optimal Health”.

Your sponsorship and support are crucial to maintaining our quality programming and conference experience. We strive to provide value for your participation and provide a full array of levels for your consideration. We have planned the conference in such a way that you will get maximum benefit for your chosen level of support. Because we must record the information well in advance of the meeting, we would appreciate knowing your planned support by February 28, 2023.

We can also provide any necessary invoicing, credit card payments and special opportunities for your organization. Please join us at our 2023 Conference and be a part of Mississippi's premiere virtual public health conference.

Sincerely,

Tanya Funchess
